The Odd-Fellow lodge of Richmond will celebrate the eighty-fifth anniversary of the organization of this great fraternity on Thursday night, the 25th of this month.

SELL MANY LOTS.

Twenty-four in Heart of City. Nice Church Hill Residences.

Among the real estate sales scheduled for the coming week, none is attracting more attention than that of twenty-four lots on North Sixth and Seventh streets, next Tuesday, April 19th, at 5:30 P. M. by J. Thompson Brown & Co.

These lots are owned by a non-resident, who is closing up his estate here, and they will be knocked out to the highest bidder. They are about the best vacant lots left in the city's center, and the sale will doubtless attract a large crowd.

Messrs. Brown & Co. will also sell at public auction on Monday, April 18th, at 8 P. M., the brick building No. 87 North Second Street, under a foreclosure sale for the Real Estate Security Company, trustee. It will also be knocked out to the highest bidder.

Messrs. J. H. Elam & Co. have a most attractive sale for to-morrow afternoon. This is No. 214 East Grace Street, a two-story brick dwelling in good repair. The sale will occur at 5 o'clock. This property is desirable either as an investment or for a home.

"The Land of Burns."

The attention of members and friends of the Association is called to the last entertainment of the season, which will be given in the Y. M. C. A. auditorium to-morrow night, at 8:30 o'clock. Hon. Walter M. Chandler will deliver his fine lecture, "The Land of Burns or Scotland and the Scotch." Mr. Chandler will be introduced by Rev. F. B. Eggleston, of the Third Presbyterian Church. Reserved seats on sale at the Association building.

FLAW IN THE TITLE

Fight Will be Made for Miss Williams on This Ground.

What is regarded as a very serious flaw in the title of the land-grabbers to the property involved in the Williams case in Henrico county has been discovered, and it is not unlikely that proceedings to rescind the land will shortly be instituted on this ground. Mr. William L. Royal, the well known attorney, has been engaged by Miss Williams, and will at once take the matter in hand. Just what steps will be taken cannot now be made public, but the case, which has assumed proportions of exceeding interest, will be pressed with the utmost vigor. The young woman is now in possession of the land, and it appears to be the disposition of herself and her advisers to hold on to it indefinitely. If any movement is made by the land-grabbers the claim will be contested on the ground of irregularity, and an effort will be made to upset it in the courts.

HEARD IN THE HOUSE

Representative Patterson Delivers Speech Criticising the President.

(By Associated Press.) WASHINGTON, D. C., April 16.—The routine work on the general deficiency bill was nearly completed by the House to-day. Preceding this the District of Columbia was legislated for in several minor forms.

The speech of the day was one of criticism of Theodore Roosevelt, the presidential candidate, by Representative Patterson, of Tennessee.

Mr. Baker (New York) offered an amendment to the deficiency bill appropriating \$100,000 to pay for the special train, which, it was stated, had been used by the President during the past two years.

A point of order was made and sustained against the amendment.

Mr. Jemison offered an amendment which was accepted without discussion, providing \$100,000 as requested by the Secretary of Navy for the proper disposition of the remains of the victims of the explosion on the battleship Missouri.

BAPTIZE THIRTY-FIVE.

Notable Service at Grove Avenue Baptist Church To-night.

Thirty-five persons will be baptized to-night at the Grove Avenue Baptist Church as a result of the great revival during last week. The Rev. Dr. W. C. Taylor, the distinguished pastor of the First Baptist Church, of Petersburg, will preach morning and night, and this morning Dr. J. B. Hawthorne will fill Dr. Taylor's pulpit in Petersburg. At night Dr. Hawthorne will be present at Grove Avenue.

The meetings will continue through this week with preaching every day at 4 and 8 P. M. by Dr. Taylor. The very greatest interest is being manifested, and the revival promises to be one of the most notable in the history of the church. The attendance is very large.

In the Senate.

(By Associated Press.)

WASHINGTON, D. C., April 16.—The entire day in the Senate was given up to the consideration of a bill for the modification of the agreement with the Indians of Devil's Lake reservation, in the North Dakota, for the sale of their lands. No decision was reached.

Mr. Morgan addressed the Senate on his resolution for the discharge of the Committee on Intercommerce Canals from consideration of the resolution calling on the Attorney-General for information relative to the contract of the United States with the new Panama Canal Company for the transfer of the Panama Canal.

The resolution was lost by 17 to 23.

Conferees Disagree.

(By Associated Press.)

WASHINGTON, D. C., April 16.—The conferees on the naval appropriation bill reached a partial agreement to-day. A disagreement was announced on nearly all of the important amendments. Among the Senate amendments, on which the conferees could not agree, was that for the modification of the resolution calling for the appropriation of \$500,000 to \$850,000. The Senate conferees receded from the amendment, appropriating \$500,000 for the erection of barracks at Norfolk navy-yard.

Little Stars Won.

An exceedingly pretty game of baseball was played yesterday by the Little Stars and the White Swans. The latter were defeated by the score of 7 to 3. The playing was all round good. The pitchers only allowed one two-base hit, which was made by one of the Little Stars.

PAPERS READY FOR PANAMA TRANSFER

Contract Will be Signed Next Saturday—The Consideration Amounts to \$40,000,000.

(By Associated Press.)

PARIS, April 16.—All the papers necessary for the transfer of the Panama Canal to the United States are now completed. They include lengthy inventories and schedules of the property belonging to the company, and have been carefully gone over and checked up by W. A. Day and Charles W. Russell, the assistant Attorney-Generals who came from Washington to assist in the transfer of the property and the officers of the company.

The most important paper is the contract of the sale. This sets forth all the preliminary negotiations between the United States and the company leading up to the transfer and the final ratification of the transfer by the stockholders of the company.

The consideration is stated to be \$40,000,000.

The signing of the contract will occur immediately after the meeting of the stockholders next Saturday. However, as the meeting probably will last until late, the signing may go over until Monday.

NEGRO NARROWLY ESCAPES LYNCHING

Coolness of Judge and Drawn Pistol Prevents Prisoner Being Strung Up.

(By Associated Press.)

ASHEVILLE, N. C., April 16.—But for the coolness of Judge Council and the salutary effect of a drawn pistol in the hand of the chief of police, Hickory would have been the scene of a lynching to-night. About 7 o'clock a cry was raised that a negro employee of the Pierce Company had insulted a white lady on the street. The negro was arrested and instantly surrounded by a fierce mob. While Judge Council addressed the crowd, the chief of police with drawn pistol carried the prisoner to J. D. Elliott's office. The mob followed and on proposition to storm the stairway was met with a threat of instant death to the first man who made a move. Meanwhile, the negro was hurried down a back stairway and taken in a buggy to Newton jail. When the mob found that the prisoner was gone, it slowly dispersed.

EAST END SHOOT.

W. S. McLelland Was High Gun in a High Wind.

There was an impromptu shoot held on the East End Gun Club's grounds yesterday afternoon, and the event of the faithful traps was high gun, breaking 139 out of 175, and considering the weather conditions was a most creditable showing. McLelland will have some of the boys hunting for first place ere the season is over.

J. A. Anderson, the genial and popular secretary of the Orlene Co., Washington, D. C., expressing his gratitude at the sport.

The club will hold another shoot next Saturday, April 23rd, at 3:30 P. M., and to all is extended a most cordial invitation.

DRINK HABIT CURED.

Physicians have long since recognized that drunkenness is a disease of the nervous system, caused by the inflamed condition of the stomach membranes and nerves, due to the excessive use of alcoholic stimulants.

Science has evolved a wonderful remedy to cure the craving for liquor. This preparation, ORRINE, soothes and heals the inflamed stomach linings, restores the nerves and the organs of the stomach to their proper and normal condition, builds up the appetite and restores the health. ORRINE is prepared on a medical formula covering the various destructive elements brought into the system by the excessive use of thousands of hol, and it is endorsed by thousands of physicians, temperance lecturers, clergymen, members of the W. C. T. U. and Y. M. C. A., and by over one hundred thousand cured former drinkers, who have written to the Orlene Co., Washington, D. C., expressing their gratitude at their restoration to sobriety and health by the use of ORRINE.

ORRINE is sold in Richmond by Polk Miller Drug Company Stores. It costs but 50 cents a box. It can be given without the patient's knowledge, if desired, and the purchase money will be refunded if it fails to do all that is claimed for it. The remedy is simple, harmless and sure, containing no opiates or narcotics of any description. No salutarious treatment or publicity is necessary, for ORRINE can be taken at your home or office without the slightest inconvenience.
